I Am The Doctor

Socratic

Dont come in unless you're going to kiss my feet
Not even the worms can get as low as I get
How can I rest well with my family in the next room
Talking how sad it is, and how expensive I will beI sleep so sound, so still tonight
Hold me down before I hurt myself
Let me go for a casual stroll
They dress me up in this fancy robeUndress me doctor please
And don't you love how naked I get at your command
I just saw you weeping in the Triage
Was it the Mrs. and how she's going to leave you?I sleep so sound, so still tonight
Hold me down before I hurt myself
Let me go for a casual stroll
And dress me up in this fancy robeOut my window a family picks up their dad
What a touching view I have
My voice cant speak about the day
She never hears me sing about theDon't, don't tell the doctor
How little I get to eat
But dont tell the doctor
How rarely I get to sleep
The doctors they are in need of doctors
The doctors they are in need of doctors
The doctors
The doctor they are in needI sleep so sound, so still tonight
Hold me down before I hurt myself
Let me go for a casual stroll
They dress me up in this fancy robeThey dress me up in this fancy robe
They dress me up in this fancy robe
