

Carry On (feat. Johnny Nelson & GANZ)

Alison Wonderland

[Intro]

Carry on, Carry on

Hey[Verse 1]

Carry on carry on

Puffin' on the heavy metal

That's loud that's grass

Keep me trippy like an echo

Guzzling prosecco

Painting pictures like I'm greco

It ain't hard for me to let go

I'm reminded I'm a rebel

Last of a dying breed

It's hard for me to settle

Who radder than?

You half a man

No vacation

But gods near, beyond fear

I bestow up you

The god's here[Verse 2]I got you I got you

I got you like mugatu

'Cause you been acting different

Got me tripping like untied shoes

That's not how I move

See Johnny's cool

As the fridge is

Ya ridiculous and ignorant

Try to act all innocent

Before you got the timberland

That's the boot mami

'Cause you grimy

And you tight

Ain't no noose on me

I'm living mine

You hear them rooting for me
