And you can take this however you want  
Yeah you can take this however you want  
Don't be so so sure this is all it adds up to you You're justified  
But there's no justice if it's just a lie  
No, go and find yourself  
You will if you look inside And I'll never know  
And you never will  
Still I'll never know  
And you won't until someone stands up  
Then you'll get some answers And you can take this however you want  
Yeah, you can take this however you want  
Just don't waste your breath unless you can save us  
And tell me can you? Can you save us? Can you save?  
Can you save us?  
This can't go on  
Without the meaning in the rhyme Can you save?  
Can you save us?  
I can't go on  
Out of rhythm with our time Can you save?  
Can you save us?  
I can't go on  
Without the meaning in the rhyme Can you save?  
Can you save us?  
I can't go on  
Out of rhythm with our time Our days were numbered by nights on too many rooftops  
They said we're wasting our lives  
Oh, at least we know that if we died we lived with passion  
They said we burned so bright Our days were numbered by nights on too many rooftops  
They said we're wasting our lives  
Oh, at least we know that if we died we lived with passion  
They said we burned so bright Our days were numbered by nights on too many rooftops  
They said we're wasting our lives  
Oh, at least we know that if we died we lived with passion  
They said we burned so bright [Inaudible] When what you want is what you're getting  
When what you want is what you're getting  
They're catching onto us When what you want is what you're getting  
They're catching onto us  
When what you want is what you're getting  
They're catching onto us When what you want is what you're getting

They're catching onto us  
When what you want is what you're getting  
They're catching onto us [Inaudible] We know there's an answer  
We know by going home we'll find it by ourselves  
We know there's an answer  
We know by going home we'll find it by ourselves
