

Match One

Kevin McCall

I'll be on your need
I got a pound that I don't need
Boxes are just
And I hope I can get it
Cause I love you SOP
I'll be on your need We've been smoking and drinking
Anytime you want that good
I'mma be right through your hood
Just in my mind, pull up
I thought I could but hold up
I just cannot have fun Love you when we match one
Match one, match one
Love you when we match one
Match one, match one
Love you when we match one
Love you when we match one
Match one, match one
Love you when we match one
Match one, match one
Love you when we match one The first thing in the morning when I wake up
It's like you're the sexy woman with no make-up on
That is fun
Feeling good, smoking good
Feeling good, smoking good
Girl you know
Just in my life you roll up
When I thought I'm really good, I roll up
I just can't have fun Love you when we match one
Match one, match one
Love you when we match one
Match one, match one
Love you when we match one
Roll up with me
Love you when we match one
Match one, match one
Love you when we match one
Match one, match one
Love you when we match one Just in my life to roll up
When I thought I could never
up

I just cannot have fun Love you when we match one

Match one, match one

Love you when we match one

Match one, match one

Love you when we match one

Roll up with me

Love you when we match one

Match one, match one

Love you when we match one

Match one, match one

Love you when we match one
