

Silas The Magic Car

Mew

What did you dream about?
What did you dream about?
Silas and Bo
They got Tired
and they'll call you once a week
Cause it's strange here
Know the career
They all say they long to reach their sorrow
Now that's gone
What did you dream about?
What did you dream about?
They took us in
To see their new apartment
Thinking we're slow
And that our love is meak
We'll leave the green , green
Cause maybe we'll get out somehow
No one thought of it
We didn't know
We'd seen their last show

Silas and Bo they got tired
And they'll call you once a week
Cause it's strange here
Know the career
They all say they long
To reach their sorrow
Now that's gone
And you know the career
They all say they long
To reach their sorrow
Now that's gone
And you know the career
They all say they long
To reach their sorrow
Now that's gone
And you know the career
They all say they long
To reach their sorrow

Now that's gone
