

City of Quartz

Marianne Faithfull

Charming, someone to fear
Handsome, very much here
Evil, dancing through fire
Whore of Babylon, world famous clear
Something to charm
Danger, someone to harm
Falling into the mire
Climbing, higher and higher
Someone to fear
Handsome, very much here
Evil, dancing through fire
Whore of Babylon, world famous clear
Ivory tower
Longing for something now
Waiting, hour after hour
Give me some of your power
Citadel, a prison of sorts
Only the rich make the laws
Using repression and force
Whore of Babylon, City of Quartz
Someone to fear
Hidden and very much here
Hatred summoned so near
Whore of Babylon, world famous clear
