## The Smashing Pumpkins

Yeah  
I see you comin' from the sky  
I see you callin' from the sky  
Your sky can't heal you, you again  
Your sky won't heal you again  
Why must I try, oh, why must I try  
'Cause I'm waiting for you like never waited for me  
Why oh why, oh, why, why oh why  
I try, why oh why must I try  
I know what you mean
