

When I'm Alone With You

Brett Rush

When I'm Alone With You
Words and music by Brett Rush

When I'm tired of trying and feeling overwhelmed
By the pressures and demands i put on myself
I hear You whisper softly
You break this heart of stone
You're calling me away
â€˜Cause only You know, only You know

When I'm alone with You my heart opens wide
Everything You are comes alive
Your spirit falls, Your glory shines
My hope and joy is renewed
When I'm alone with You
When I'm alone with You

When I'm running scared from all You've planned for me
And Caught up in the lie of all i have to be
I hear You whisper softly
You break this heart of stone
You're calling me away
â€˜Cause only You know, only You know

When I'm alone with You my heart opens wide
Everything You are comes alive
Your spirit falls, Your glory shines
My hope and joy is renewed
When I'm alone with You - You walk with me
When I'm alone with You â€˜ You talk with me
When I'm alone with You â€˜ You tell me i am Your own

When I'm alone with You my heart opens wide
Everything You are comes alive
Your spirit falls, Your glory shines
My hope and joy is renewed
When i'm alone with You
When i'm alone with You
When i'm alone with You
