

# Brand New Luv

## Robin Thicke

Yeah oh yeah baby

Oh see thatSome like to keep heat on some never hot enough

See I sleep with nothing on 'cause I'm always burnin' up

But we all wanna try to see each other's side

And I'll try till she takes my pillowShe'll say I'm lucky, she'll say I'm the man

We'll talk on for hours as long as I understand

I'd go on without her see see but everyday

Ain't the same, ain't the same, ain't the sameI feel like a puppy when I get time to playI've got a brand new

Jones and nobody even knows

When my baby is gone, it's my thang, my thang

Sometimes I can't let go so I've got to be alone

When my baby is gone, it's my thang, my thang alone, aloneSome like a sweet romance and some wanna travel  
far

But I like a three point stance and I hate to drive my car

But I'd go round the world just to please my girl

And I'll fly if she takes my pillow, oohShe'll say I'm lucky then say I'm the man

We'll talk on for hours as long as I understand

And I'd go on without her, see see but everydayI feel like a puppy when I get time to playI've got a brand new

Jones and nobody even knows

When my baby is gone, it's my thang, yeah, my thang

Sometimes I can't let go so I've got to be alone

When my baby is gone, it's my thang, my thang alone, aloneSo why don't I just save time and reveal now

'Cause sooner or later she'll know the deal

She'll wonder why bed jumps so high

When she sleeps at night, oh yeah yeahOoh tell me I'm lucky then say I'm the man

We'll talk on for hours as long as I understand

Then I'd go on without it see see but everyday

I no ain't the same ain't the sameI feel like a puppy when I get time to playI've got a brand new Jones and  
nobody even knows

When my baby is gone, it's my thang, my thang

Sometimes I can't let go so I've got to be alone

When my baby is gone, it's my thang, my thang alone, aloneI've got this brand new Jones

Leave me on my own, love love baby you know it

I've got this brand new Jones

Leave me on my own, love love baby you know itI've got this brand new Jones

Leave me on my own, love love baby you know it

I've got this brand new Jones

Leave me on my own, love love baby you know itI've got a brand new Jones and nobody even knows

My thang, my thang

Sometimes I can't let go so I've got to be alone
