

# Hold On

(Hed) P.E.

Them wanna know when change is coming  
The light it seems so far away  
Zion's children they keep runnin  
Destination yet unknown  
What kind of place is this?  
Show me the love  
Rich keep getting richer  
While the poor keep working harder  
Tell me who can stop the flood from coming?  
Who can part the water? Hold on  
Got to hold on  
Hold on  
Don't you give up no  
got to hold on  
one love will find a way  
Hold on  
Got to hold on now  
Soon we'll be going home yeah  
Yes jah know one love will always find a way yeah yeah  
They claim one nation under God  
but it feels like  
One nation under corporation  
But Zion's eye just keep on running  
To unknown destination  
How long can they fool the people  
by divide and conquer  
soon every eye shall open  
for every son and daughter Hold on  
Got to hold on  
Hold on  
Don't you give up no  
got to hold on  
one love will find a way  
Hold on  
Got to hold on now  
Soon we'll be going home yeah  
Yes jah know one love will always find a way yeah yeah
