Leavin' Texas (Edit)

Jerry Jeff Walker

Texas this morning the sounds they just sing to me
I feel alive again and with every footstep that's settin me free
Hey old friends,
keep alive the good times we've had in those rollin',
rollin' hills
They will always be a part of me
whenever I think of Texas memoriesCHORUS
Oh Texas I'm just a little lost but I'm keepin' on,
Just like that morning star, that's ahead of me,
I keep shinin' on
'til I make it to the borders of the Rio Grande
There I'll catch me one last sunset 'cross the prairieWell everything is movin right, so movin's right
Still I can't deny that old loneliness that comes sometimes
But every mile and footstep goin' down
Ain't no way a man keeps a count,
you just never forget that lonely stretch
where you keep on for keepin onCHORUS x 2
