

Counterstrike

Counterstrike

Kick start, fighter launch
Throttle set to full
Speed king, race to win
Afterburners roaring Ghostlike counterstrike
Takes them by surprise
Score 307
Israelis rule the heaven Jordan attacks Israel
Crush that futile attempt
Control Jerusalem Drive back, surprise attack
Take the Western Wall
Next day make them pay
Over River Jordan Syria last in line
Head for Golan Heights
Strike without a warning
See the Syria forces falling Syria attacked Israel
Crushed their lines of defense
Ruling Golan Heights 6 days of fire, 1 day of rest
June '67 taught them respect
Control Jerusalem 3 nations fallen in 6 days of war
Traitorous neighbors, received as deserved
Under the sun in the dust of the war
1 nation standing stronger than before First into Egypt and sent them to hell
Then returned their forces to Jordan
Climb up the mountains, where Syria awaits
Break them in hours, protect Holy Land
