

# Addicted

Ne-Yo

Let me talk to 'em  
I guess you know you made it when they start talking 'bout you, right?  
Welcome to fame  
Y'all don't pay me no mind  
I just gotta get some stuff off my chest, listen Young, energetic, famous, but don't really sweat it  
Rich enough, fairly hot; so, basically, sex is not  
Difficult to get  
That ain't my fault, no, no, listen And just 'cause I might take advantage once or twice  
People tell me I'm not right, thinking that sex was my life  
But that just ain't me  
So let me clear it up for those who have obviously misread the code  
Listen to me now No, I, am not  
I'm not addicted to sex  
But, girl, I guarantee that if you lay with me  
You just might be  
No, I, am not  
I'm not addicted to sex  
But, girl, I guarantee that if you lay with me  
You just might be, yeah I won't apologize for bein' just a little freaky  
I can't help it; it's just in me  
But a problem it is not  
I'm just fine, y'all  
Don't worry 'bout me  
Listen  
And I won't apologize  
For bein' blessed with the ability to satisfy accurately  
And quickly find the spot  
It's a gift and a curse  
Don't mess around  
Find my number in your girlfriend's purse No, I, am not  
I'm not addicted to sex  
But, girl, I guarantee that if you lay with me  
You just might be  
No, I, am not  
I'm not addicted to sex  
But, girl, I guarantee that if you lay with me  
You just might be, yeah I never been shy about myself and sexuality  
Never been taboo (never been taboo, but if I)  
Have to live without

I know it's something I could do  
But I just really don't want to  
No, I, am not  
I'm not addicted to sex  
But, girl, I guarantee that if you lay with me  
You just might be  
No, I, am not  
I'm not addicted to sex  
But, girl, I guarantee that if you lay with me  
You just might be, yeah
