

# Piece of the Pie

## KIX

Cold cold cold sweat  
Cold cold heart, you bet  
Cry in the looking glass  
Broken pieces from my past  
Down to skin and bones  
On the road, no home  
Hunger, the grip is tight  
Just a victim of the night  
I want you want  
To taste this  
Better on top I just want a piece of the pie  
Oooh the cream starts to rise  
Don't make me cry for a piece of the pie Hard, hard to get  
Little teaser, not yet  
Down at the ninth street bar  
Parked in the back seat of my car  
Steam, I can't breathe  
Hot and sweaty, Josephine  
Now, give it up  
I can never get too much  
I want you want  
To taste it  
Better on top (chorus) I want you want, so let it  
I get you give, go get it  
No ifs no ands  
Don't fight off, me and my plans Don't bite off a piece of the pie  
Oooh the cream starts to rise  
Don't make me cry for a piece of the pie Piece of the pie  
Gonna eat me alive  
It's a long hard climb  
For a piece of the pie  
I just want a piece of the pie  
Got to have a piece of the pie  
I just want a piece of the pie  
Piece of the pie  
Piece of the pie  
Piece of the pie
