

Mama's Little Girl

Wings

Looking like a rag doll
Mama's little girl
Singing like a skylark
Mama's little girl Better give me some time for this heart of mine
'Cause I just can't take it all in
Still I will remember
Mama's little girl Ooh, mama's little girl, little girl
Mama's little girl Looking like a rosebud
Mama's little girl
Pickin' up a mountain
Mama's little girl Better give me some time for this heart of mine
Cause I just can't take it all in
Still we will remember
Mama's little girl Ooh, mama's little girl, little girl
Mama's little girl Looking like a rag doll
Singing like a skylark
Blooming like a rosebud
Pickin' up a mountain
Mama's little girl, mama's little girl Better give me some time for this heart of mine
'Cause I just can't take it all in
Still I will remember
Mama's little girl Still we will remember
Mama's little girl
Still we will remember
Mama's little girl Ooh, mama's little girl, little girl
Mama's little girl
