

# Let's Go To War

## Gucci Mane

This AR, I have no license for  
so I don't give a damn, we can still go to war  
This AK, I have no license for  
well, I don't give a damn, you just started a war  
Let's go to war, nigga. Yeah, mm mm.  
Let's go to war, nigga. Yeah mm mm.  
Let's go to war, oooh. Let's go to war. Maybe cause I sell X pills, my nig  
I don't have to worry about bills and shit  
It's been 28 years, never missed no meals  
Cause everybody knows I'll steal some shit  
East Atlanta niggas like to start that shit  
Dem Bouldercrest road niggas kill ya quick  
See I ain't have to pull my K out this year  
But don't think I won't unload the clip  
I been lettin' shit rock for a month or mo'  
But now I'm finna show you who control the show  
Glock .45 with extended clip  
Comin' off the hip, I ain't ready to rip  
Rapid blood loss so he startin' to drift  
Light shining bright & he ready to dip  
No ambulance, just cancel the trip  
Cause his hos ain't got no money at the funeral here  
This AR, I have no license for  
well I don't give a damn, we can still go to war  
This AK, I have no license for  
well, I don't give a damn, you just started a war  
Let's go to war, nigga. Yeah, mm mm.  
Let's go to war, nigga. Yeah mm mm.  
Let's go to war, oooh. Let's go to war. I bought a sawed off shottie then I got me some bullets  
Leave a hole in any nigga think he a bully, PUSSY.  
I wouldn't run from a dog.  
Glock .40 leave a dog ass stuck to the wall  
Beat you wit a pistol tryna tear off yo arm  
Chest shot close make you cough up a lung  
Rum ba bum bum bad men come come  
Bad man run cause I carry a gun  
Which one of you muthafuckas be-a there? NONE.  
Off witch a head and you heard what I said  
Infrared dot long trey 57s, tech 9s, 22s and mac 11's  
My goons got guns, nigga, we got weapons

And we got shots & we sho ain't selfish  
My money straight, we can start armageddon  
I got a machine gun so don't bring a machette  
GUCCI!
