2 The Sky

Robin Thicke

Its amazing the way the darkness falls
And the truth out there is cold
And nothing to keep you warm
Jealousy and lies within me
I got a feeling the sun wont shine today
And I gotta to know right now
Will I be rich, have everything I want
I stop myself and look to the sky

Oh I got to give myself up to the sky
The only truth is in the sky

Nobody else can tell cause Im stuck in a spell
Of greed and anger and hate
Oh I tried I tried I tried to rise above it
But it comes right back
Creeps up on me and it hits me
Double time

This cant be my fate
Its never too late
I wake up holding on to this pain
And theres nothing else I can do
But 2 give myself up to the sky

When u ask yourself
Hey why me and why not me?
When youre down on your knees
Look 2 the sky
Just look 2 the sky
You dont need no faster car
Or no bigger house
All u really need is friends and love
Hey come on home
Just throw up your hands
Throw up your heart
All u really need is love
Im comin home
So come on home
