

# Red (Moto Blanco Edit)

[Daniel Merriweather](#)

And I'm alright  
Standing in the streetlights here  
Is this meant for me  
My time on the outside is over  
We don't know how you're spending  
All of your days  
Knowing that love isn't here  
You see the pictures  
But you don't know their names no  
Cause love isn't here And I can't do this by myself  
All of these problems, they're all in your head  
And I can't be somebody else  
You took something perfect  
And painted it red No sympathy  
When shouting out is all you know  
Behind your lies  
I can see the secrets you don't show  
We don't know how you're spending  
All of your days  
Knowing that love isn't here  
You see the pictures  
But you don't know their names no  
Cause love isn't here And I can't do this by myself  
All of these problems, they're all in your head  
And I can't be somebody else  
You took something perfect  
And painted it red  
When, you took something perfect  
And painted it red You take the best things from  
Then everything gets empty  
That's not a world that I need  
Ooh, you take the best things from me  
Then everything gets empty  
That's not a world that I need  
Oh And I can't do this by myself  
All of these problems, they're all in your head  
And I can't be somebody else  
You took something perfect  
And painted it red

When, you took something perfect  
And painted it red  
When, you took something perfect and painted it red  
You took something perfect  
And painted it red
