

# One For the Road

[Arctic Monkeys | www.SapoDownloads.net](http://www.SapoDownloads.net)

We all say that we don't care for money  
Money takes a second place  
Now I don't care, but it seems kind of funny  
Me and the boys in a race  
And in between times, crossing county lines  
Drinking cheap red wines, coping with our ups and downs  
And the band just keeps on a-rollin', we all keep it on goin'  
Have another on me, one for the road  
Day in, day out, times keep a-changing  
Every night a different crowd  
It's hard keeping track of how our life's rearranging  
At times it helps to cry out loud  
As we get older, we'll go our separate ways  
Look for better days, there maybe ain't a second chance  
And the band just keeps on a-rollin', we all keep it on goin'  
Have another on me, one for the road  
When the sun don't shine, we hardly get time to be living  
We get no rest, but we do our best every night  
When we're feeling down, we can call our town  
It's at the end of a telephone line  
It's sad that we won't be goin' home for a long time  
And the band just keeps on a-rollin', we all keep it on goin'  
Have another on me, one for the road  
And the band just keeps on a-rollin', we all keep it on goin'  
The band just keeps on a-rollin', we all keep it on goin'  
The band just keeps on a-rollin', we all keep it on goin'  
The band just keeps on a-rollin', we all keep it on goin'
