Get Away

Bobby Brown

I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I need a piece of mind, I'm stressed out today
It's about that time to make that get away
Dealin' with the people I deal with everyday
Got to find a place I can hide away
So I can be away from the madness
Far from the noise and the darkness
It's not too late, there's got to be a way
For me to escape all this nonsense
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
They try to run my life but that's the way I live
Do what I wanna do 'cause it's my prerogative
People always trippin' about the things I say
But I'm livin' for the future and I'm doing things my way
So why does the world just keep on doggin' me?

I have to leave it all behind
'Cause there's gotta be a way
For me to escape all this nonsense
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
Yo, check the groove, b's kickin' a flow real smooth
E double ss with some cess is a nessecity to move
So hit it where ya fit in and let the rhythm snatch ya
Throw a good rhyme so watch what's coming at ya
As I release another brown batch of jams that slam and
You can't touch so scram, I know you cram to understand

Who I am, damn
By the way, can I please get this dance?
Let's not freelance 'cause I'm just gettin' started
Believe me, that was nothin' but a brown party that's goin' on
And got it going on, Bob and Ted's rated number one so flow on
And if you're in the house, pump your fist
And say, oh, come on, say oh, oh, Ted bring me on back
Bring me on back, dance, there it is, ooh
I've got to get away, I've got to get away
I've got to get away, I've got to get away
I've got to get away, I've got to get away
...
