Take You Higher

Chanee'

Hello goodbye, do you wanna ride?
You don't need to know where you're goin'
Take a trip through the old and the new
It's easy to see that you're jonesin'
Come fall into our journey
We'll raise our hands to life you up
So stay awake it's early
'Cuz there's always more Tequila
Let me take you higher
Wanna be the birdy on our wire baby?
We can take you higher
Let's fly high
Cruise the ocean then down to L.A.
The beautiful people are waiting
See and be seen it's only a dream
Feel reality fadin'

Come fall into our journey
We'll raise our hands to lift you up
So stay awake it's early
Don't you want some more Tequila
Let me take you higher
Wanna be the birdy on our wire baby?
We can take you higher
Let's fly high
No thinkin' while you're drinkin'
It just gets in the way
All the faces and the places
Yeah, they all look the same
But you're lucky like a puppy
So go on, roll the dice
Think high
