

Only The Clouds

Hopesfall

Sleep never comes quick enough
To protect us
There is no shelter in the present
From the ghosts of the past Like well driven nails
Memories dig their claws in our backs Revealing our black hearts
Unable to forgive ourselves
Revealing our black hearts
Unable to forgive ourselves Our parched mouths pray for rain
And only the clouds bear witness
As we wither away Our parched mouths pray for rain
And only the clouds bear witness
As we wither away
