Saturday Night

Borgore

Oh woah-woah-woaaah, hey yeah,
I'm getting up, she's on my mind,
Yeah, I think about the girl all the time,
She's going out, Saturday night,
And I'm hoping that Im'ma make her mine,
(No, she's mine!)
This craZy world, craZy world has to wait,
I think about you every night and day,
This craZy world, craZy world's gone on pause,
And you know you're the only cause,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait for the weekend to begin, no,
'Cause we gon' light it up and go hard,
I'm gonna get the girl that I want,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait for the weekend to begin, no.
I'm gonna give, the best I got,
'Cause she hits me like a 10 tonn-ne rock,
I'm getting sick, give me a sign,
'Cause she's all that's ever on my mind, my mind,
This craZy world, craZy world has to wait,
I think about you every night and day,
This craZy world, craZy world's gone on pause,
And you know you're the only cause,
Can't wait 'til Saturday, Saturday, Saturday night,

Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait for the weekend to begin, no,
'Cause we gon' light it up and go hard,
I'm gonna get the girl that I want,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait for the weekend to begin, no.
Give me a shot, give me time, give me more,
Give me everything you got,
'Cause I wanna know,
Give me a shot, give me time, give me more,

Give me everything you got,
'Til the night will show,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait for the weekend to begin, no,
(Let's go!)
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait for the weekend to begin, no,
'Cause we gon' light it up and go hard,
I'm gonna get the girl that I want,
Can't wait 'til Saturday, Saturday, Saturday night,
Can't wait for the weekend,
Can't wait for the weekend to begin, no.
(Hahaha, yeah!)
