

Afrodisiac

Brandy

Whatever you want I got it, Papi
Don't hesitate holla at me
What I'm lookin' for is simple you see
Love and support and sexuality When I'm with you, I don't wanna leave
I need you just like air I breathe
But when I'm not with you I'm missing my peace
I got a lot inside, I need to release You fulfill my every desire
When I'm with you, you take me higher You're my aphrodisiac
You're the only one I'm needin'
When I go I'll come back
'Cuz there is no way I'm leavin' You're my aphrodisiac
You're the only one I'm needin'
When I go I'll come back
'Cuz there is no way I'm leavin' There is no way you gettin' away
I need your love every day
Medicine can't cure the way that I feel
What I need is my inner fill Being without you it's makin' me ill
Stressin' me out, I need to chill
Something this strong gotta be real
Nothing or no one show my skills You fulfill my every desire
When I'm with you, you take me higher You're my aphrodisiac
You're the only one I'm needin'
When I go I'll come back
'Cuz there is no way I'm leavin' You're my aphrodisiac
You're the only one I'm needin'
When I go I'll come back
'Cuz there is no way I'm leavin' I admit that I'm a prisoner of your sex appeal
I can't seem to find a way to escape how I feel
I can't wait no longer, please come give a dose to me
Breathin's gettin' stronger, need you now close to me You're my aphrodisiac
You're the only one I'm needin'
When I go I'll come back
'Cuz there is no way I'm leavin' You're my aphrodisiac
You're the only one I'm needin'
When I go I'll come back
'Cuz there is no way I'm leavin' You're my aphrodisiac
You're the only one I'm needin'
When I go I'll come back
'Cuz there is no way I'm leavin' You're my aphrodisiac

You're the only one I'm needin'
When I go I'll come back
'Cuz there is no way I'm leavin'
