

# Two Sparrows in a Hurricane

**Tanya Tucker**

She's fifteen and he's barely driving a car  
She's got his ring and he's got the keys to her heart  
It's just a matter of time  
They'll spread their wings and fly Like two sparrows in a hurricane  
Are trying to find their way  
With a head full of dreams  
And faith that can move anything They've heard it's all uphill  
But all they know is how they feel  
The world says they'll never make it  
Love says they will There's a baby crying and one more on the way  
There's a wolf at the door with a big stack of bills they can't pay  
The clouds are dark and the wind is high  
But they can see the other side Like two sparrows in a hurricane  
Trying to find their way  
With a head full of dreams  
And faith that can move anything They've heard it's all uphill  
But all they know is how they feel  
The world says they'll never make it  
Love says they will She's eighty-three and he's barely driving a car  
She's got his ring and he's got the key to her heart  
It's just a matter of time  
They'll spread their wings and fly Like two sparrows in a hurricane  
Trying to find their way  
With a head full of dreams  
And faith that can move anything They've heard it's all uphill  
But all they know is how they feel  
The world says they'll never make it  
And love says they will
