Patience

The Pierces

Maybe you like the chains
Maybe you like the grace
To see this for what it really isBaby, I need some space
'Cause love I can see your face
So close to mine, close to mineI need you to just be patient
I need you to just be patient
Love, love, loveBaby, don't take my heart
'Cause it's the only part
That is my own, is my ownBaby, you need my cry
Darlin' just know that I
Sometimes need to be aloneI need you to just be patient
I need you to just be patient
Love, love, loveI need you to just be patient
I need you to just be patient
Love, love, love
