

# Patience

## The Pierces

Maybe you like the chains  
Maybe you like the grace  
To see this for what it really isBaby, I need some space  
'Cause love I can see your face  
So close to mine, close to mineI need you to just be patient  
I need you to just be patient  
Love, love, loveBaby, don't take my heart  
'Cause it's the only part  
That is my own, is my ownBaby, you need my cry  
Darlin' just know that I  
Sometimes need to be aloneI need you to just be patient  
I need you to just be patient  
Love, love, loveI need you to just be patient  
I need you to just be patient  
Love, love, love
