

Don't Forget Me (Hiroshi Watanabe Mix)

Way Out West

There's just one thing that I need to say
Before I close my eyes and walk away
There's just one thing that I need to feel
Before I walk away against my will
There's just one thing that I need to hear
Before I walk away for the last time
There's just one thing that I need to see
Before I take this chance and set us free
Don't forget me
Don't regret me
Don't suspect me
Don't neglect me
The memory of this still reminds me of you
The memory of this still reminds me
The memory of this still reminds me of you
That is where you'll find me
Stars in your eyes
Did you take the time to realize
Can you count the stars in your eyes
Did you take the time to realize
