

# Loved By the Sun

## Tangerine Dream

I've seen the mystics play there  
Once or twice but I knew they had a reason  
Enchantment plays it's cards all right  
Hand in hand with the workings of the seasons  
Legends can be now and forever  
Teaching us to love for goodness sake  
Legends can be now and forever  
Loved by the sun, loved by the sun  
Loved  
Two and two go so close together  
Whether there is hope that is torn apart  
In the words of all that's singing  
Hand in hand the beginning is at the start  
Legends can be now and forever  
Teaching us to reach for goodness sake  
Legends can be now and forever  
Loved by the sun  
Loved by the sun  
Loved  
Who sings of all of love's eternity  
Whose shines so bright  
In all the songs of love's unending spells  
Only lightning strikes all that's evil  
Teaching us to love for goodness sake  
Hear the music of love eternal  
Teaching us to reach for goodness sake  
Legends can be now and forever  
Teaching us to love for goodness sake  
Sweet songs of youth, the wise, the meeting of all wisdom  
Sweet songs of youth, the wise, the meeting of all wisdom  
Sweet songs of youth, the wise, the meeting of all wisdom  
Sweet songs of youth, the wise, the meeting of all wisdom  
To believe in the good in man.  
To believe in the good in man.  
To believe in the good in man.
