

Forward Feeling

Oketo

Foxtrot flashgun, flake white flagstone
Fall off the edge, you aren't misread
Inward Onward moving forward
Life is a death, life is a death
Feel it Breathe it just embrace it
You will connect, you will connect
Don't you hide, close your eyes
When something's missing
Wonder why, were so shallow shy
Scared to die, wonder why, were scared to die?
Equal even being, I'm seeing
Try to, look inside, intertwine
Watch it all align, as we start to find
Truth in Time, you Can't Rewind
Foxtrot flashgun, flake white flagstone
Fall off the edge, you aren't misread
Inward Onward moving forward
Life is a death, life is a death
Feel it Breathe it just embrace it
You will connect, you will connect
