

Your Heart Is a Muscle

Carly Rae Jepsen

You gave my back shirt back
I don't really get the meaning
It's like you've given up before it all goes wrong
I've been told but I don't really like the feeling
I've been away, I've been away too long I wanna go wherever you
I wanna be wherever you
I wanna see wherever you are You said love's a fragile thing
made of glass
But I think your heart is a muscle
Your heart is a muscle
You gotta work it out
Make it stronger
Try for me, just a little longer
Your heart is a muscle
your heart is a muscle Your heart is a muscle
Your heart is a muscle If I could turn this plane around
I'd fly to where you are right now
Write your name into the sky
Hope that it'll light up your eyes We can move, or spend the night alone together
You're a real good listener
But you don't have much to say
Wake up you won't pick up the phone whatever
You're probably sleeping, I hope you're still ok I wanna go wherever you
I wanna be wherever you
I wanna see wherever you are You said love's a fragile thing
made of glass
But I think your heart is a muscle
Your heart is a muscle
You gotta work it out
Make it stronger
Try for me, just a little longer
Your heart is a muscle
your heart is a muscle Your heart is a muscle
Your heart is a muscle If I could turn this plane around
I'd fly to where you are right now
Write your name into the sky
Hope that it'll light up your eyes If I could turn this plane around
I'd fly to where you are right now
Write your name into the sky

Hope that it'll light up your eyes
You said love's a fragile thing
made of glass
But I think your heart is a muscle
Your heart is a muscle
You gotta work it out
Make it stronger
Try for me, just a little longer
Your heart is a muscle
your heart is a muscle
Your heart is a muscle
Your heart is a muscle
If I could turn this plane around
I'd fly to where you are right now
Write your name into the sky
Hope that it'll light up your eyes
