

# Hey Hey

## Descendents

Hey hey, what do you say?  
About our state of affairs  
Hey hey, what do you say?  
Are you ready to go?  
Go! go! go! go!

If you think that everything's ok then go on home and lock your brain away

Are you ready? Are you ready?  
Are you ready? Ready!  
Hey hey, what do you say?  
About our state of affairs  
Hey hey, what are we for?  
Are you ready for war?  
Fight! fight! fight! fight!

Now's the time to defend your worthless life!

Are you going to kill, or be liked?  
Are you ready? Are you ready?  
Are you ready? Ready! To die?
