

# I Wanna Be Cremated

## Wednesday 13

Burn the flames untill I'm ash and grey  
And store my remains, inside of you some day  
Hand in hand in now were can to can  
Ashes to ashes

With a fool proof funeral plan I guess I'll never know I was born to crash and burn out baby  
Yeah I'm hot around the car and I realized I just need a bottle to fry me

Like KFCI wanna be cremated  
(I wanna be cremated)  
I wanna be cremated  
(I wanna be cremated)

X2 All that remains of this cold black tray  
Throw what's left of me inside this tin grave  
Hand in hand in now were can to can  
Ashes to ashes

With a fool proof funeral plan I guess I'll never know I was born to crash and burn out baby  
Yeah I'm hot around the car and I realized I just need a bottle to fry me

Like KFCI wanna be cremated  
(I wanna be cremated)  
I wanna be cremated  
(I wanna be cremated)

X4
