Mary Go Round

The Struts

I took our pictures off the wall today
'Cause I can't stand it
When you look at me that way
I won't sleep in that bed anymore
I'd rather be lying here on this hardwood floor
I found your jacket with your front door key
You took the shoes I bought
To walk away from me
I can't even pour myself a little wine
'Cause every glass is stained
In your lip stick shineHow long?
Before my little pill starts kicking in
How long?
Before your broken heart starts giving in
Here we go up, here we go down
Mary go round and round and round
Mary go up, Mary go down
Mary go roundI tell myself that you can be replaced
I try with someone else but its you that I taste
We go in circles on this rusty old ride
Maybe its our time to say goodbye
Maybe its our time
YeahHow long?
Before my little pill starts kicking in
How long?
Before your broken heart starts giving in
Here we go up, here we go down
Mary go round and round and round
Mary go up, Mary go down
Mary go round
Yeah!
Oh no
How long?
Before my little pill starts kicking in
How long?
Before your broken heart starts giving in
Here we go up, here we go down
Mary go round and round and round
Mary go up, Mary go down

Mary go round
How long?
Before my little pill starts kicking in
How long?
Before your broken heart starts giving in
How long?
Tell me, tell me, tell me, right now
How long?
