## **Touch of Evil**

## **Warlock**

Outside this flamin' ring of fire There's nothing left for me to lose

I shoot to kill if I desire

I walk away if I so choose

4,000 filthy stinkin' liars

Tell me there's nothin' I can do

I don't forget, I don't grow tired

Someday I'll do the same to youAlles klar, bad is good

You'd better listen till it's understoodThere's a touch of evil - in my mind

There's a touch of evil - in these eyes

There's a touch of evil

There's a touch of evil

This time - a touch of evilThere's a fever floatin' round my brain

So many things I can't explain

You'd better listen, better get it into your head

No regrets for anything I've saidAlles klar, bad is good

I'm gonna tell you till it's understoodThere's a touch of evil - in my mind

There's a touch of evil - in these eyes

There's a touch of evil

There's a touch of evil

This time - a touch of evil A touch of evil

In my mind

A touch of evilAlles klar, alles good

Now I'm here in your neighborhood - ohThere's a touch of evil - in my mind

There's a touch of evil - in these eyes

There's a touch of evil

There's a touch of evil

There's a touch of evil - in my mind

There's a touch of evil - in these eyes

There's a touch of evil - in my mind

There's a touch of evil - in these eyes

A touch of evil - in my mind

A touch of evil - in these eyesA touch of evil

A touch of evil - yeah!
