

Preaching the End of the World

[Chris Cornell](#)

Hello, I know there's someone out there who can understand
And who's feeling the same way as me
I'm twenty-four and I've got everything to live for
But I know now that it wasn't meant to be 'Cause all has been lost and all has been won
And there's nothing left for us to save
But now I know that I don't want to be alone today
So if you find that you've been feeling just the same Call me now, it's alright, it's just the end of the world
You'll need a friend in the world
'Cause you can't hide So call now and I'll get right back
If your intentions are pure
Seeking a friend for the end of the world I've got a photograph, I'll send it off today
And you will see that I am perfectly sane
Not for a lifetime or forever and a day
'Cause we know now that just won't be the case So call me now, it's alright, it's just the end of the world
You'll need a friend in the world
'Cause you can't hide So call now and I'll get right back
If your intentions are pure
Seeking a friend for the end of the world There will be no commitment and no confessions
And no little secrets to keep
No little children or houses with roses
Just the end of the world and me 'Cause all has been gone and all has been done
And there's nothing left for us to save
But we could be together as they blow it all away
And we could share in every moment as it breaks So, call me now, it's alright, it's just the end of the world
You'll need a friend in the world
'Cause you can't hide So call now and I'll get right back
If your intentions are pure
Seeking a friend for the end of the world So call me now, it's alright, it's just the end of the world
You'll need a friend in the world
'Cause you can't hide So call now and I'll get right back
If your intentions are pure
Seeking a friend for the end of the world
