Comes And Goes

Imaginary Future

She gives me all she has to give
She lets me know with just one kiss
She plays the game like no one else
She won, yeah she won
I never felt like this before
Can't get enough I want more
She steals the life right out of me
She's gone, now she's gone
Look, she's running while I'm drowning
So save me if I'm waiting
Well love comes and goes before you know it
Just like a fire, she'll leave you helpless
She lifts you up and lets you down
The love comes and goes away
It hurts so bad that I can't sleep
I tell myself that she still wants me
She leaves me here all by myself
Alone, all alone
Look, she's running while I'm drowning

So save me if I'm waiting
Well love comes and goes before you know it
Just like a fire, she'll leave you helpless
She lifts you up and lets you down
The love, comes and goes away
Comes and goes away
I want the life I had before I knew you
I wish I knew a way to turn back time
If only you would stay
Another world away
Then maybe I could find
Someone not like you
Not like you
The love comes and goes before you know it
Just like a fire, she'll leave you helpless
She lifts you up and lets you down
The love, comes and goes away
She always
Comes and goes away

She always
Comes and goes away
