

Streetcorner Symphony

Rob Thomas

It's morning, I wake up
The taste of summer sweetness on my mind
It's a clear day in this city
Let's go dance under the street lights
All the people in this world let's come together
More than ever, I can feel it, can you feel it? Come on over, down to the corner
My sisters and my brothers of every different color
Don't you feel that sunshine? Telling you to hold tight
Things will be alright, try to find a better life Come on over, down to the corner
My sisters and my brothers, there for one another
Won't ya come on over?
Man, I know you wanna let yourself go Some people, it's a pity
They go all their lives and never know
How to love or to let love go
But it's alright now, we'll make it through this somehow
And we'll paint the perfect picture
All the colors of this world will run together
More than ever, I can feel it, can you feel it? Come on over, down to the corner
My sisters and my brothers of every different color
Don't you feel that sunshine? Telling you to hold tight
Things will be alright, try to find a better life Come on over, down to the corner
My sisters and my brothers there for one another
Won't ya come on over?
Man, I know you wanna let yourself go
Let yourself go We may never find our reason to shine
But here and now this is our time
And I may never find the meaning of life
But for this moment I am fine So come on over, down to the corner
My sisters and my brothers of every different color
Don't you feel that sunshine? Telling you to hold tight
Things will be alright, try to find a better life Come on over, down to the corner
We can leave it all behind
Never been a better time, come on over
Man, I know you wanna let yourself go On and on and on and on and on
Yeah, we're going on and on and on and on and on and on
Yeah, we're going on and on and on and on and on and on
On and on and on and on and on and on
