Enjoy The Unknown

And One

My present to you
the sweetest tattoo
collapsing hearts in reddest blue
you will be scared by signs on your pillow
he's not you man - no!The poems I wrote revealing the code
to my thoughts which help to note
that I realized your deepest desire
e - enjoy the unknownEnjoy the unknownYour smile on ty me

pick up the phone - enjoy the unknownEnjoy the unknownYour smile on tv means nothing to me 'cause you are all you could be

and I feel sorry 'bout the death of your pet!Enjoy the unknown

always always

enjoy the unknown

always always

the end is near

we're dying here

always always

enjoy the unknown

creep around your windowEnjoy the unknownEnjoy the unknown

always always

enjoy the unknown

always always

the end is near

we're dying here

always always

enjoy the unknown

creep around your windowEnjoy the unknown...
