Too Cool for School

Scotty Vanity

Hey Hey HeyAlarm clock... going off
Slam it... damn it
Some one please turn it offGet out of bed and get dressed
Rewind, out of time, never mind my aching head
Running fast, late for class....
Hurrying, worrying, what a big pain in the assI'm Too Cool, Too Cool for School
But I need to Graduate, I Can't Wait, I Can't Wait
I'm Too Cool, Too Cool for School
But I need to Graduate, I Can't Wait, I Can't WaitGuys and dolls in the halls
Gossiping, wandering, trying to get through it all
It's too soon for homeroom
Half awake, I can think of a million things I'd rather doOh great, it's lunch break
Time to eat... mystery meat... what the hell is on my plate?I'm Too Cool, Too Cool for School
But I need to Graduate, I Can't Wait, I Can't Wait
I'm Too Cool, Too Cool for School
But I need to Graduate, I Can't Wait, I Can't WaitThere's another test on my desk
But let's not forget... I'm the teacher's pet (pshyeah)I'm tardy, I'm sorry, but last night was outta sight
Everybody partied
OMG, I have P.E.
I hate it, can't take it, I'd rather be in ChemistryTime to cram for exams
Lots of books, dirty looks, I don't really give a damnI'm Too Cool, Too Cool for School
But I need to Graduate, I Can't Wait, I Can't Wait
I'm Too Cool, Too Cool for School
But I need to Graduate, I Can't Wait, I Can't Wait
I'm Too Cool, Too Cool for School
But I need to Graduate, I Can't Wait, I Can't Wait
I'm Too Cool, Too Cool for School
But I need to Graduate, I Can't Wait, I Can't WaitToo Cool.... For School.....
Too Cool.... For School...
