Ping Pong

Tiffany Gouche

want you come with me
i want to turn you body to a party drinks on me
and the way you look in my eyes tells me your liking what you see
so wont you stop the playing if i'm the reason you came babe

give it up give it up

know that you want me the way ya body twirl around this floor it shouldn't be free
and i cant wait to see that body preform for me
so wont you stop the playing the balls in your court babe

serve it up serve it up
will i let my hair down babe
promise not to play around babe
run it back full attack on the next round babe

so what's it gone be
you and i are a tie
let's take this game right in to OT
i'm your competition you can score on me
i'm gone play my game babe i'm here to entertain babe
just tell me exactly how you like it
and if it feels right no ain't need to fight it
so want you just pour you love on me
cause i couldn't want it more babe the ball's in you court babe

serve it up serve it up
will i let my hair down babe
promise not to play around babe
run it back full attack on the next round babe
