Bullet and the Bullseye

The Distillers

1 2 3I am the bullet and you're the bullseye
When I hit, there's nothing left
I am the bullet and you're the bullseye
When I hit, there's nothing leftI've been living in a boundaryless land
I was blind but now I've got my sight back
You suffer insidiously, I fucking hate you
Stay the fuck away from meI am the bullet and you're the bullseye
When I hit, there's nothing left
I am the bullet and you're the bullseye
When I hit, there's nothing leftYou're a thief, a liar and a cheat too
Ain't no mystery to unlocking you
You think I'm a sucker, you're fucking sick
The only thing I suck is my man's dickI am the bullet and you're the bullseye
When I hit, there's nothing left
I am the bullet and you're the bullseye
When I hit, there's nothing left
