

Self vs Self

Pendulum

If I struggle a lifetime,
What would my body be?
An empty shell,
On what a demon fed Could be a heavy burden,
To stay true to your words
Speak up,
I wanna silence everything If I got no plan,
Doesn't mean that I get what I want for free
If I got no meaning,
Would you force me to a place where I make sense?
'Cause nothing lasts forever How do I get home?
Everything revolves around you
If I can't find myself?
As you're so completely fake How do I get home?
Everything revolves around you
If even you can't help?
Dark nights from my soul I deny failure,
I Ignite
Woe is on my misery,
She wins all their eyes Realise what they find's not fate,
This is not me, this is me
So if I struggle a lifetime,
What good would that do? If I got a plan,
Doesn't have to stop the feeling inside
If I do make sense,
Would you drag me down?
'Cause nothing lasts forever How do I get home?
Everything revolves around you!
If I can't find myself?
As you're so completely fake! How do I get home?
Everything revolves around you!
If even you can't help?
Dark night from my soul
