Movin' On

Triumph

I may be right or wrong
The story's in my song
It sure seems like we've
Come a long, long wayWe've been through so many changes
All along the way
Maybe that's the reason we're here todayCHORUS:
Movin' on, movin' on
(Movin' on) Everyday
(Movin' on) Keep on movin'
Movin' on, tomorrow is another dayOur problems have disappeared
Vanished one by one
We've got to keep on movin'
Until we're doneThe band is on the loose
Runnin' 'cross the land
So try to make the most of a one-night standCHORUSOn and on and on
You've got to keep on movin' on
On and on and on
We've movin' every day
You got to keep on movin'
