

# Loose Rap

## Aaliyah

I'm sick and tired of the loose rap Uh, now now, yeah  
For the 01,  
I know you can come better  
Can come better than that  
So you can kill all your loose rap  
babygirl How many times i tell you don't come to me?  
Don't bringing me all of that jealousy  
Cause you got envy (don't hate me baby)  
Talk smack behind my back  
Then when you see me  
You try to come up and talk to me (don't talk to me)  
I'm not saying nothing (nothing) I know you can come better  
Can come better than that  
Don't come here with all that loose rap  
You can keep that  
I know you can come better  
Can come better than that  
I'm sick and tired of the loose rap  
You can save that, save that To many times you guys would come step to me  
I guess you call yourself booking me  
But do i look easy? (well, it ain't easy)  
Well, it never hurts to try  
I just might let you call me  
I hope you don't plan on bugging me  
That would be ugly I know you can come better  
Can come better than that  
Don't come here with all that loose rap  
You can keep that  
I know you can come better  
Can come better than that  
I'm sick and tired of the loose rap  
You can save that, save that I know you can come better  
Can come better than that  
Don't come here with all that loose rap  
You can keep that  
I know you can come better  
Can come better than that  
I'm sick and tired of the loose rap  
You can save that, save that To many times i hear trying to knock at my crew

Well, we've got something for all the fools  
It ain't just rhythm and blues  
If you just quit trying to compete, yeah  
No telling what you could be  
Might even be dooper than me(i doubt it!)I know you can come better  
Can come better than that  
Don't come here with all that loose rap  
You can keep that  
I know you can come better  
Can come better than that  
I'm sick and tired of the loose rap  
You can save that, save thatI know you can come better  
Can come better than that  
Don't come here with all that loose rap  
You can keep that  
I know you can come better  
Can come better than that  
I'm sick and tired of the loose rap  
You can save that, save thatI know you can come better  
Can come better than that  
Don't come here with all that loose rap  
You can keep that  
I know you can come better  
Can come better than that  
I'm sick and tired of the loose rap  
You can save that, save that
