

# On Top of Me

Tyrese

Advisory - the following lyrics contain explicit language:

This is for all them love-makers  
Sit back and relax and let me take you there It's 3 o'clock in the morning  
And there's only one thing to do  
Girl yo bodies crazy layin' next to mine  
I try my best to keep my cool  
But the temperature's steady risin'  
'Cause I'm all alone with you  
And your sexy ways are so inviting  
Damn I want to give it to ya Baby come and take my hand (Oh, grab my hand because)  
I just want to freak you (Girl I got what you want now it's time for you to,  
Climb up on top of me)  
Girl I want you on top of me  
I got what your body needs (I got what your body needs)  
(There's a vacancy in ecstasy and I'm gonna take you there)  
Girl I want you on top of me (I want you on top of me)  
I got what your body needs Can I get a sample of you baby  
Girl there's something I can guarantee  
That you won't be cravin' lovin' for a while  
'Cause I'm gonna give you all of me  
I want you to bust on top of me  
I want to feel the thrust of your lovin' baby  
I want you to tell me when I hit the spot  
Girl I'm tryin' to make it hot Baby come and take my hand (Oh, grab my hand because)  
I just want to freak you (Girl I got what you want now it's time for you to,  
Climb up on top of me)  
Girl I want you on top of me  
I got what your body needs (Yes I can do what I can do with you, baby)  
(There's a vacancy in ecstasy and I'm gonna take you there)  
Girl I want you on top of me  
I got what your body needs (I got what your body needs)  
There's a vacancy in ecstasy and I'm gonna take you there I came here to please your body, baby  
I know I'll satisfy your every need

All you have to do is trust me  
Girl, I'll take you to ecstasy, yeah Girl I want you on top of me  
I got what your body needs Girl I want you on top of me (But there's only one way that I want it)  
I got what your body needs (I want you naked and on top of me)  
(Forever baby, baby, yeah, babe I want you, my baby) Girl I want you on top of me (Girl I'm going to give to  
you like you never had it before)  
I got what your body needs Girl I want you on top of me (I want you, babe 'cause I need you babe), everything  
you are, I wanna drive you crazy)  
I got what your body needs Come in my arms, let me take control  
'Cause I'm about to take you there  
And I know, I know what I'm doin', baby, my baby  
All them other men you had before me  
You're gonna forget about all that experience
