

# Tongue Tied

Andy Allo

I don't mind  
Being at home  
Enjoy the night alone  
Watching my favorite shows  
See I'm fine  
Being the one  
Never waiting by the phone  
Always in control

But you just can't fight it inside  
When it just feels right  
Fallin'  
Fallin'  
Into the unknown  
Wish I could deny it inside  
But it just feels like  
Fallin'  
Fallin'  
For you

You got me all tongue tied  
And mesmerized  
Hit me with your love  
Now I can't speak  
Can't speak  
I'm losin' my mind  
Hypnotized  
Addicted to the rush  
Now I can't speak  
Can't speak

You got me all  
You got me all  
Tongue tied

You got me all  
You got me all  
Tongue tied

Can it be?

You got me trippin'  
Trippin' every time  
You even look my way  
And after all this time waitin' with you  
My walls are breakin' every single day

But you just can't fight it inside  
When it just feels right  
Fallin'  
Fallin'  
Into the unknown  
Wish I could deny it inside  
But it just feels like  
Fallin'  
Fallin'  
For you

You got me all tongue tied  
And mesmerized  
Hit me with your love  
Now I can't speak  
Can't speak  
I'm losin' my mind  
Hypotized  
Addicted to the rush  
Now I can't speak  
Can't speak

You got me all  
You got me all  
Tongue tied

You got me all  
You got me all  
Tongue tied

Ohhh  
Just feel my body language  
My body language  
Ohhh  
Can you feel it  
Ohhh  
Can you feel it  
Yeah

Ohhh

Just feel my body language  
My body language  
Ohhh  
Just feel my body language  
My body language

You got me all tongue tied  
And mesmerized  
Hit me with your love  
Now I can't speak  
Can't speak  
I'm losin' my mind  
Hypnotized  
Addicted to the rush  
Now I can't speak  
Can't speak

You got me all  
You got me all  
Tongue tied

You got me all  
You got me all  
Tongue tied
