

Be The One

Lucky 7

As I think about the past and all the fun wee had.
We eat at Denny after three and watch the real world on tv.
And I take you to the shows where everybody goes.
 Il tattoo your name on my sleeve.
 Cause babe my loves so true.
 And youl be the one I sing this song to.
 Cause all I wanna do is share my life with you.
 And I take you to the coast.
 To the places you love the most.
In a chop top caddy on the scene cruising like a limousine.
 And we can walk along the sand.
 Il put a ring upon your hand.
It you and me through eternity cause babe my love so true.
 And youl be the one I sing this song to.
 Cause all I wanna do is share my life with you.
