

# Theres No I In Team

## Taking Back Sunday

Well, I can't regret, can't you just forget it?  
I started something I couldn't finish  
And if we go down, we go down together  
Best friends means, well, best friends means And I've got a twenty-dollar bill  
That says you're up late night starting  
Fist fights versus fences in your backyard Wearing your black eye like a badge of honor  
Soaking in sympathy from friends who never loved you  
Nearly half as much as me Broken down in bars and bathrooms  
All I did was what I had to  
Don't believe me when I tell you  
It's just what anyone would do Take the time to talk about it  
Think a lot and live without it  
Don't believe me when I tell you  
It's something unforgivable, oh, oh Well, I can't regret, can't you just forget it?  
I started something I couldn't finish  
If we go down, we go down together  
Best friends means, well, best friends means You never knew, well, I never told you  
Everything I know about breaking hearts  
I learned from you, it's true I've never done it with the style and grace you have  
But I've made long term plans  
Based on these mistakes Broken down in bars and bathrooms  
All I did was what I had to  
Don't believe me when I tell you  
It's just what anyone would do Take the time to talk about it  
Think a lot and live without it  
Don't believe me when I tell you  
It's something unforgivable Is this what you call tact?  
I swear you're as subtle as a brick  
In the small of my back, so let's end this call  
And end this conversation, there's nothing worse  
(That's right he said, that's right he said it) I swear, you have no idea  
The jealousy that became me thinking  
(That's right he said)  
That you always had it way too easy Broken down in bars and bathrooms  
All I did was what I had to  
Don't believe me when I tell you  
It's just what anyone would do Take the time to talk about it  
Think a lot and live without it  
Don't believe me when I tell you

It's something unforgivable  
Best friends means I pulled the trigger  
Best friends means you get what you deserve  
Best friends means I pulled the trigger  
Best friends means you get what you deserve  
Best friends means I pulled the trigger  
Best friends means you get what you deserve  
Best friends means I pulled the trigger  
Best friends means you get what you deserve  
Best friend thinks I pulled the trigger  
Best friend thinks you get what you deserve
