

# Where Did The Love Go

## Bipolar Sunshine

Where did the love go in your heart  
Oh, you look so unhappy  
I know that the last man broke your heart  
No need to keep on crying  
Why don't you just give me a try  
See if I could make you happy  
Oh, where did the love go  
Where did the love go

And what's the point in sunshine  
When all you feel is rain  
What's the point in sunshine  
When all you feel is pain

I see you, darling  
Eyes looking like you had a fight with the rain  
I, I see you, darling  
Seems like every other day is the same, the same  
The same, the same, the same  
Like every day is the same, the same, the same  
And I see you calling  
And you don't even know my name

Where did the love go in your heart  
Oh, you look so unhappy  
I know that the last man broke your heart  
No need to keep on crying  
Why don't you just give me a try  
See if I could make you happy  
Oh, where did the love go  
Where did the love go

But I can see your heart to mine  
To a million miles apart  
I know it's gonna take a lot of time for you to find  
But I'll meet you at the stars

I see you, darling  
Eyes looking like you had a fight with the rain  
I, I see you, darling

Seems like every other day is the same, the same  
The same, the same, the same  
Like every day is the same, the same, the same  
And I see you calling  
And you don't even know my name

This could be the right time  
Maybe this chance would never come again  
Gotta tell you what's on my mind  
Erase this with questions, oh, it all depends

I see you, darling  
Eyes looking like you had a fight with the rain  
I see you, darling  
Seems like every other day is the same, the same  
The same, the same, the same  
Like every day is the same, the same, the same  
And I see you calling  
And you don't even know my name
